Alexsander Academy Photograph and Video Release

As a benefit to our parents as well as to our students, we will have a video observation system set up in our classrooms. This will allow you as a parent to make an appointment and observe your child at any time without any classroom disruptions. It also allows prospective parents to observe the programs we offer without disturbing our student's class time. We ask that each parent allow their child to be part of this video observation system. We also request that parents allow us to use photographs of their child for our brochures and website to help others learn about the wonderful environment we have here at Alexsander Academy. Thank you for your support!
